

WITNEY YOUNG FARMERS CLUB **MONTHLY NEWSLETTER**

Issue 1 – January 2012

Welcome to the first edition of Witney YFC Monthly Newsletter. The idea is to improve communication between the committee and the members. It will be given out at the beginning of each month at the Club Business Meetings but will of course be available throughout the month. There will be regular features such as programme, dates for the diary etc but it would be great to have some input from members as well. I will be asking for reports from various functions and please send me any (suitable) photos! As it is a new project, I would be very grateful if you could all feedback to me what you think about it, what you want included and how it can be improved.
